MASTER’S OF SCIENCE IN CHILD LIFE

LUNCH & LEARN

Come learn more about our highly anticipated new graduate program! The MSCL program prepares you for a career as a child life specialist in hospital and community health care environments. Interested students will be able to meet with the program director and learn about program requirements, curriculum, career opportunities, and more. Bring your lunch and any questions you might have about the program.

Where:
Education Center,
St. Philip Street
Room 218

When:
Monday,
January 27th, 2014
12:00 - 12:50 pm
